

## NCI-Frederick Remote Access Services Account Application

This document is an application for access to the NCI-Frederick data network through Remote Access Services (dial-up and VPN) and has no relation to user accounts on other NCI-Frederick or NIH computer systems. No application will be processed unless ALL questions are answered.

Contact the Helpdesk if you have questions. Additional information on remote access configuration, installation and services can be found on <http://comm.ncifcrf.gov>  
Forward completed applications with signatures to the ABCC Helpdesk:

phone: 301-846-5555      fax: 301-846-5762      mail: Building 430, Rm 120

Applicant's Name: \_\_\_\_\_ Phone, work: \_\_\_\_\_  
Office Location: \_\_\_\_\_ E-mail, work: \_\_\_\_\_  
Supervisor Name: \_\_\_\_\_ Supervisor Phone: \_\_\_\_\_

Organizational Affiliation:

Charles River	DMS	DTP	NCI
NIH	SAIC	WISCO	Other _____

Type of User/Operating System you will use for remote access (please check only one):

Windows NT/2000/XP	Macintosh OS X or higher
Linux (Redhat 6.2 or higher)	Solaris (version 2.6 or higher)
Windows 9x/Me	Other (specify) _____

Please note that although we will accept applications specifying other Operating Systems, we cannot guarantee that we will be able to support them.

**NOTICE: Under Title 18, U.S.C., all remote connections made with your remote access account are for work related activities only. Use for non-work related activities is grounds for disciplinary action including (but not limited to) remote access account termination. All individuals using the remote connection are subject to monitoring and having all of their activities recorded.**

By signing this application, I confirm that I have answered all questions truthfully, as well as, read and agree with the notice above. Unsigned applications will not be processed.
